PROFILE

I am a highly motivated and passionate individual with a strong desire to pursue a career as a Software Engineer. With a recent BSc degree from the University of Kelaniya and successful completion of the full-stack developer program offered by the University of Moratuwa, I possess a strong understanding of software development and web development.

MY PROJECTS

E-Commerce Website

A responsive website with functions including sign-up, login, updating account details, browsing items, managing the shopping cart, viewing order history, accessing order details, and more.
MERN | click

- -
